Everybody's Talking

Farmyard inspiration A young woman who grew up on a farm in Northern Ireland is enjoying newfound celebrity for her fashion design. To create her clothing, Rachel Irwin uses material that most people would throw out. For example, old mats, holiday wreaths, and bird feathers wind up in her designs. She's even used fertilizer bags and the fluff from a cow's tail, all of which are cleaned and sterilized by her mom. She named one of her designs "Farmyard Fashion." Irwin has won prizes for her work and is looking forward to a career in the fashion industry.

Protective dog A stray dog named Serenity has become a celebrity in the town of Chatham, Ontario, Canada. The pooch was found by a passerby, who stopped to see why she was sitting in a ditch in the cold. Serenity turned out to be protecting five tiny kittens. The passerby called a pet shelter, and the dog and kittens were taken in. Serenity continued to care for the kittens until they were placed in a foster home. Shelter staff intend to place Serenity for adoption, and many families expressed interest after they heard the heart-warming story of Serenity and her parental instincts.

High design A city high in the mountains of Bolivia is getting a facelift. El Alto, close to the administrative city of La Paz, is enjoying attention because of the building designs of architect Freddy Mamani. He calls his style New Andean architecture. His modern buildings, called cholets, are usually several stories high with shops at street level, party and gallery space in the next levels, and living space on the top floor. The designs combine vibrant colours and geometric shapes reminiscent of indigenous textile patterns. For Mamani, the architecture of his buildings is a way of promoting his culture's pre-Columbian roots.

Tree tuggers A group of friends who like to run took part in the Cape Town, South Africa, marathon, but they were doing more than just running. The group ran the race with tree saplings tied to their backs. Their purpose was to raise awareness about the country's problem with invasive species, which are taking over indigenous plants. One of the runners, Siyabulela Sokomani, ran with a wild olive sapling, and he sports tattoos of his favourite trees. He and his fellow runners support the nationwide effort to plant trees and rid the country of the damaging species.

Introducing the **6 Day Experience**

Recipe of the month

Easy Cheesy Potato Fans

4 large Yukon gold potatoes (2 lb./900 g)
1/4 cup creamy caesar dressing
1 cup shredded mozzarella cheddar cheese
1 green onion, sliced

Level: Easy Total Time: 25 mins Yield: 4 servings, 1 potato each

- Heat oven to 400°F.
- Place potatoes on microwaveable plate; prick each in several places. Microwave on HIGH 10 to 12 min. or until tender, turning and rearranging every 3 min. Cool 10 min.
- Make 7 to 9 diagonal cuts in top of each potato, cutting about 3/4 of the way into potato. Place on baking sheet sprayed with cooking spray. Gently spread slices of each potato slightly apart; brush with 1 Tbsp. dressing.
- Bake 15 to 18 min. or until potatoes are lightly browned. Top with cheese; bake 1 to 2 min. or until melted. Sprinkle with onions.

How to easily cut potatoes into fans: Place potato on wood spoon; cut crosswise into thin slices. The spoon will keep your knife from slicing all the way through. Don't cut more than 3/4 of the way down - the slices should still hold together at the potato's base.
