**Everybody's Talking**

**Damaged merchandise** If parents plan to go to a dealership to shop for a new car, it's best to find a babysitter for their small child. A couple from Guilin, Guangxi Region, China, learned this the hard way. The couple, accompanying a friend, were talking to salespeople and gawking at the luxurious new cars in the showroom. Left to her own devices, their child decided to doodle on a number of the new cars, using a stone to scratch designs into the paint. The little girl's creative streak led to her father being sued by the dealership for damages.

**Black and white** Who knew that a few drops of ink mixed with a bit of water could result in beautiful works of art? Well, perhaps it's not as easy as that, but French artist David Bayo has figured it out. Using this medium, he creates subtle paintings of his subjects, including animals and people. Bayo has tried different ways to make art, and his experimentation led him to an ability to understand how ink and water work together. The paintings he creates, which are often black and white, are distinctive and understated representations of the subject at hand.

**Two names** In Tamaulipas, Mexico, a pet cat has two owners who did not know about each other until recently. Mary Lore Barra calls the cat "Pixi," and she was accustomed to her pet being away for a few days at a time, presumably on the prowl. Then one day Pixi came home with a new collar. Barra put a note under the collar identifying the cat as Pixi and herself as Pixi's owner. Soon Pixi came home with a note from another family, who call the cat "Huarache." Luckily, the two owners think it's a funny situation, and they continue to share Pixi/Huarache.

**ATM captive** A contractor in Corpus Christi, Texas (U.S.), was just trying to do his job. He was fixing a lock in the automatic teller machine (ATM) room when he locked himself in. The man had left his cell phone in his vehicle, so he couldn't call for assistance. Instead, he wrote notes asking for help and fed them through the receipt slot of the ATM. People using the machine thought the notes were a joke. But finally, one person took it seriously and called police, who broke down the door and got him out.

# Recipe of the month

## Summer Fruit and Mascarpone Tart

2 x 320g ready-rolled all-butter puff pastry  
 100g icing sugar  
 750g tub mascarpone  
 600ml double cream  
 2 tsp vanilla extract  
 200g raspberries, a few halved  
 200g blackberries, a few halved

1 large mango, peeled and thinly sliced  
 6 nectarines or peaches, a mixture, sliced  
 4 passion fruits (look for ones with crinkly skins - they're ripe), halved, seeds and pulp scooped out  
 handful small mint leaves

Prep: 30 mins. Cook: 30 mins. Level: Easy. Serves: 15-18

- 1 Heat oven to 200C/180C fan/gas 6. Unroll 1 pastry sheet, but leave it on the parchment. Place it on a baking tray, dust with 2 tsp icing sugar, then cover with another sheet of parchment and another baking tray. Pour baking beans into the tray to weigh it down, or use empty cans. Bake for 30 mins, then check if the pastry is golden all over. If not, return for another 5 mins or so. Repeat with the other pastry sheet (or cook both together if you have enough trays). Once out of the oven, trim the edges with a large, sharp knife. Leave to cool.
- 2 Softly whip the mascarpone, cream, vanilla and remaining icing sugar, then transfer half to a disposable piping bag fitted with a 1.5cm round nozzle (or just snip off the corner). Pipe blobs of the mascarpone cream over the surface of one piece of pastry, right up to the edges. Top with half the fruit and dust with a little icing sugar.
- 3 Top with the second piece of pastry, more mascarpone cream (refilling the bag when you need to), the remaining fruit, a dusting of icing sugar and, finally, some mint leaves. Use a serrated knife to cut through the layers.

## Did You Know...

- Good for you:** Oregano oil comes from the oregano plant, which is part of the mint family. Thought to have medicinal properties, it contains carvacrol, an antioxidant.
- Different colours:** The national flag of India consists of three parallel bars. The top bar is saffron, the middle is white, and the bottom is green. In the centre of the white bar is a blue wheel called the Ashok Chakra.
- Stone house:** It's well known that the president of the United States lives in the White House. But people may not know that the prime minister of Canada lives at 24 Sussex Drive in the country's capital of Ottawa, Ontario.
- Using initials:** D.C. Fontana (1939-2019) was a writer and editor who contributed to the 1960s TV show, *Star Trek*. The "D.C." stands for Dorothy Catherine, but she used her initials because, at the time, the industry was male dominated.
- Noise pollution:** Certain noises can be irritating, but for someone with misophonia, everyday sounds like whistling or soup slurping can cause a seemingly unreasonable response. People with these sensitivities may get angry or anxious, or even panicky.
