## Everybody's Talking

### Uphill ride

A grandmother of six from Bolivia isn't afraid of a challenge. Mirtha Munoz is the oldest person to ever participate in her country's Skyrace. This race is entirely uphill and takes place on the "Death Road," so named for its dangerous 60-kilometre (37-mile) route from lowland to mountain peak. Munoz has been biking for many years, so did not think the race was a big deal. However, it's very different from the leisurely rides she and her grandchildren enjoy together.

### Cash give-away

Some people living in a low-income district of Istanbul, Turkey, recently had something to cheer about. A mysterious man came into the neighbourhood and paid off their debts. The man went into a grocery store wanting to know who owed money to the store. After asking to meet some of these folks, he came back to the store and paid their debts. The unknown man also placed cash in envelopes and put them on the steps of the homes of families in need. When the grocery store owner asked who he was, the man would not say, but suggested they could consider him Robin Hood.

### Luxurious water house

Anyone wanting to live in a luxurious home, which is also a boat, can fork over \$5.5 million (USD) to buy a floating home called the Arkup. It is set up like a real home, complete with living room, lounge, four bedrooms, a kitchen, and lots of windows through which to enjoy ocean views. Available in Miami, Florida (U.S.), it is a perfect vessel for touring coastal waters, although it's not built to travel in rough seas. It has a rainwater purification system and solar energy, as well as hydraulic stilts, should the owner choose to raise it out of the water.

### Clean water

In a city in Japan, colourful koi fish swim in the drain channels that border the streets. The city of Shimabara is located on Kyushu Island. The water is exceptionally clean in these drain channels because of an earthquake that happened over two centuries ago. The quake caused freshwater springs to gush. In more recent years, city officials decided to stock the channels with the fish, which today are a tourist attraction. Shimabara is known as the City of Swimming Carp. There are only a few other towns in Japan with fish swimming in their drain gutters.

### Easy Cheesy Potato Fans

4 large Yukon gold potatoes (2 lb./900 g) 1 cup shredded mozzarella cheddar cheese  
1/4 cup creamy caesar dressing 1 green onion, sliced

Level: Easy Total Time: 25 mins Yield: 4 servings, 1 potato each

- Heat oven to 400°F.
- Place potatoes on microwaveable plate; prick each in several places. Microwave on HIGH 10 to 12 min. or until tender, turning and rearranging every 3 min. Cool 10 min.
- Make 7 to 9 diagonal cuts in top of each potato, cutting about 3/4 of the way into potato. Place on baking sheet sprayed with cooking spray. Gently spread slices of each potato slightly apart; brush with 1 Tbsp. dressing.
- Bake 15 to 18 min. or until potatoes are lightly browned. Top with cheese; bake 1 to 2 min. or until melted. Sprinkle with onions.

*How to easily cut potatoes into fans: Place potato on wood spoon; cut crosswise into thin slices. The spoon will keep your knife from slicing all the way through. Don't cut more than 3/4 of the way down - the slices should still hold together at the potato's base.*
