Everybody's Talking

Noisy neighbours The new neighbours of Dominique Douthe, who lives in the Landes region of southwestern France, are very annoyed. They don't like the racket made by the flock of ducks and geese Douthe keeps in her back garden, so they took her to court. The judge on the case said the flock could stay, but asked for more information, including an acoustic audit to scientifically test the level of noise. Douthe's lawyer thinks that the judge is buying time and hoping the two parties will work things out between them.

Scaring monkeys Farmers in India worry about their crops been ruined by bands of monkeys. But Srikanth Gowda, a farmer in Karnataka, has found a way to solve the problem: he dyed his dog's hair to look like a tiger's stripes. When the monkeys caught sight of the dog, named Bulbul, near the coffee crop, they ran away. Before taking this action, Gowda had tried stuffed tigers, which worked for a while, and then the monkeys caught on. Now, Gowda uses his tiger dog, along with large pictures of tigers, to keep the monkeys away.

Unique cheese A creamy delicious cheese made in Sweden is called Västerbottensost. Well-loved by many, this cheese is made in the village of Burträsk, in the northeastern part of the country. Interestingly, Burträsk is the only place where this cheese can be properly made. The dairy tried to expand its production of Västerbottensost to other locations in Sweden, but the cheese crafted elsewhere didn't taste the same. Many legends and rumours explain why this is so, but no one actually knows, so the mystery remains.

To the rescue A dog and koala bear were rescued from a mine shaft near Ipswich in Queensland, Australia, by emergency services personnel, who were called to the scene by the dog's owner. The owner thought her pooch might have been chasing the koala when both fell into the derelict shaft. The team of rescuers couldn't go down the shaft due to the danger, so they used ropes and safety nets. The dog responded well, but the koala didn't cooperate as readily, and it took extra effort to get him out. Veterinarians checked both animals, and neither had any broken bones.

Recipe of the month

Summer Fruit and Marscapone Tart

2 x 320g ready-rolled all-butter puff pastry
100g icing sugar
750g tub marscapone
600ml double cream
2 tsp vanilla extract
200g raspberries, a few halved
200g blackberries, a few halved
1 large mango, peeled and thinly sliced
6 nectarines or peaches, a mixture, sliced
4 passion fruits (look for ones with crinkly skins - they're ripe), halved, seeds and pulp scooped out
handful small mint leaves

Prep: 30 mins. Cook: 30 mins Level: Easy Serves: 15-18

❶ Heat oven to 200C/180C fan/gas 6. Unroll 1 pastry sheet, but leave it on the parchment. Place it on a baking tray, dust with 2 tbsp icing sugar, then cover with another sheet of parchment and another baking tray. Pour baking beans into the tray to weigh it down, or use empty cans. Bake for 30 mins, then check if the pastry is golden all over. If not, return for another 5 mins or so. Repeat with the other pastry sheet (or cook both together if you have enough trays). Once out of the oven, trim the edges with a large, sharp knife. Leave to cool.

❷ Softly whip the mascarpone, cream, vanilla and remaining icing sugar, then transfer half to a disposable piping bag fitted with a 1.5cm round nozzle (or just snip off the corner). Pipe blobs of the mascarpone cream over the surface of one piece of pastry, right up to the edges. Top with half the fruit and dust with a little icing sugar.

❸ Top with the second piece of pastry, more mascarpone cream (refilling the bag when you need to), the remaining fruit, a dusting of icing sugar and, finally, some mint leaves. Use a serrated knife to cut through the layers.
