Everybody's Talking

Best for baby: If you want the best of the best for your baby, you can get it from a company in Spain called Suommo. But you'd have to be quite wealthy to afford some of their wares. Suommo sells things like cribs and baby bottles, and the items are designed with flair and made of expensive components such as gold. Even the company's baby pacifiers are things of beauty. Parents can purchase one of three styles: diamond and gold, diamond and white gold, or diamond and rose gold. For those on a budget, some less expensive items are available, but the prices still will likely make a buyer think twice.

Motorcycle madness: Men wanting to impress their girlfriends should avoid breaking the law to do so. A man named Lalit from New Delhi, India, learned this the hard way. Lalit's girlfriend had made fun of him because he did not own a motorcycle. So Lalit enlisted the help of a friend to steal as many of the two-wheeled vehicles as possible. Before getting caught by the cops, the pair managed to steal eight high-end motorcycles for the simple purpose of showing off to Lalit's girlfriend. The water plant worker did not have a criminal record before, but he and his friend do now!

Avocado creations: You've never seen an avocado like one carved by Daniele Barresi of Bagnara Calabria, Italy. The food sculptor got interested in carving at a young age, and he has tried many mediums, including soap and resin. But it's the carvings he creates in avocado halves that really attract attention. He turns the soft flesh of the fruit into detailed representations of flowers, vines, fruit, faces, and animals. Sometimes the pit is kept in place and carved as well, becoming part of the picture. Other times, the pit is discarded to make room for another unique scene. Whatever the case, this art is edible!

Fantastic fondant: Lots of people love cake decorating, but China's Zhou Yi takes the craft to the highest level. Known as "Sugar King," this creative artist makes intricate sculptures out of fondant. The figures he makes might be empresses, warriors, or fairies. Every eyelash is created individually, and the folds in clothing are draped realistically. Zhou Yi started by modelling dough, but got bored. He discovered fondant and realized it was the medium he needed to extend his creativity to more elaborate works. Today, Sugar King is well-known around the world, and his creations are very expensive.
