Vol. 10 No. 51 December 21, 2020

Everybody's Talking

Collectors' items: Lots of people collect favourite items, whether those are dolls, books, records, or guitars. Usually, they legally obtain the items. That was not the case with a collector in Higashiosaka, Japan. Hiroaki Suda was in the habit of collecting bicycle seats, after he had stolen them. Recently, the man was filmed on surveillance cameras in the act of taking the seats from two parked bikes at a train station. Police were astounded to discover that he had been repeating this crime for over 25 years and had collected over 5,800 bicycle seats, which he kept in a storage facility.

Brotherly love: A caring brother from Zamboanga City, Philippines, wanted to do a good deed for his sister, so he learned how to sew. Rather than taking on a small project, Maverick Francisco Oyao made a prom dress for his sister, Lu Asey, because the family couldn't afford to buy or rent one. And what a dress it turned out to be! Wearing the dress, Ly Asey looked like a princess from a fairy tale. Her brother had learned how to sew by viewing YouTube videos. The finished project was royal blue and white, and featured large pleats and winged sleeves.

Weird items: Those who are interested in visiting a place full of peculiar items might want to know about the Noir Arts & Oddities in Kansas City, Missouri (U.S.). Owner Pamela Smith sells unusual and strange items in her "antique oddities boutique." For people who want to see medical oddities, they have antique medical prints. If customers are curious about the occult, the owner directs them to a selection of incense, tarot cards, and crystals. The shop also has a collection of unusual cross-stitch patterns, as well as books, jewelry, and natural science items.

Bagged burglar: A Welshman must have thought an Elvis Presley convention would be a good place to commit burglary. A camera caught Christopher Badman (his real name!) wandering the halls of a hotel in Porthcawl, Wales, where the convention was taking place. He had a bag over his head to disguise himself while breaking into a room. At one point, he was confronted by a guest. Then, much to the joy of the police, Badman removed the bag from his head and looked into the security camera. He was readily identifiable, and ended up being charged.

"The person who removes a mountain begins by carrying away small stones." —Chinese proverb
"It isn't the great big pleasures that count the most; it's making a great deal out of the little ones." —Jean Webster

Did You Know...

Two moons: Mars, known as the red planet, is the closest planet to Earth and the fourth from the Sun. It has two moons: Phobos and Deimos.

Far-flung place: Each of the world's continents has permanent populations and is made up of countries, except for Antarctica. Only scientists stay on this island at the South Pole, while tourists come to visit.

Age spots: As people age, they may notice flat spots of darker skin on their hands and other areas of the body. These age spots can be caused by sun exposure, which makes skin produce melanin, a natural pigment.

Milkweed dinner: We all love monarch butterflies! To make sure they thrive, don't cut down any milkweed plants. Better yet, plant them. The caterpillars of the monarch feed on these plants.

Bug traps: Science fiction may have us believe that carnivorous plants, such as the Venus flytrap or the tropical pitcher plant, might evolve to have a taste for humans. In reality, these plants only like bugs and the occasional small vertebrate, such as frogs.

On the Lighter Side

No matter how much a private hospital room costs, they only give you a semi-private gown.

Prosecuting attorney: "Isn't it true the defendant talks to himself when alone?"

Witness: "I couldn't say. I've never been with him when he's alone."

Why do elephants have trunks? No glove compartments.

Hospitality is making your guests feel at home, even if you wish they were.

Inflation is when you pay \$20 for the \$10 haircut you used to get for \$5 when you had hair.
