**Everybody's Talking**

**Table for one:** During the COVID-19 pandemic, social distancing has been the norm. That's why restaurants have closed in countries around the world. However, a Swedish couple decided to try their hand at offering a safe dining experience. Linda Karlsson and Rasmus Persson, from the rural village of Ransäter, opened Bord för en (which is Swedish for "table for one"). They set up a table in a field for one person to dine, and sent the food to the guest in a basket, via a rope from the kitchen to the table. They carefully sterilized the dishes and table before serving a diner with a vegetarian meal of three courses.

**Cool cake:** When Zahirah Macwilson and Aiman Hakim Redza got married, they wowed their guests by presenting a unique wedding cake. The Malaysian actors hired bakers to create a wedding cake that hung upside down from the ceiling to resemble a chandelier. The newlyweds stepped up onto a small stage to make the first cut. The cake was made by Lily & Lola Cakes in Kuala Lumpur. Owner Lily Osman got the idea to make such a cake a few years ago, but this was her first opportunity to actually do it. It took a week to make, and she needed help to install it from the ceiling of the wedding venue.

**Fast food diet:** Dieticians don't recommend the food choices of a Belgian man named Rudy Gybels. He realized that he had a love for fried potatoes when he was 13 years old. His mother allowed him to eat the fried food for dinner if he would agree to eat a healthy lunch. Over three decades later, Gybels is still eating fries for dinner, along with a Dutch hot dog called a fricadelle. The fast food lover is not overweight, and he feels healthy, but admits that he hasn't had a check-up for a while. He realizes that his diet isn't great, but he likes fries too much to give them up.

**Moose rescue:** Travis Burke and Greg Miller went fishing, a favourite activity among folks who live near the Canadian city of Sudbury, Ontario. On this outing, however, the pair did more than catch fish. They came across a very young baby moose that was shivering and alone. It was in the water and couldn't seem to get up onto the rocky shore. So Burke and Miller came to the rescue, guiding their boat to the baby and helping it onto land. Upon hearing the story, a wildlife expert believed the men did the right thing by leaving it there, saying that it was likely the mother would come back to find it.

## Did You Know...

**Bead work:** The Museo de Arte Popular in Mexico City is home to El Vochol. This Volkswagen Beetle has been decorated with beadwork, the traditional handicraft of the country's Huichol people. Portrayed in the beadwork are many colourful symbols of Mexico.

**Queen of the colony:** Naked mole rats live in colonies with a dominant female rat (the queen) leading them. The worker rats dig burrows using their big front teeth. As their name indicates, these mammals are hairless.

**Many steps:** Tianmen Shan near Zhangjiajie, Hunan Province, China, is an opening in a mountain face that seems to be the door to heaven. Visitors can reach it in several ways, including a 999-step staircase or a tour bus on a winding road.

**Magic station:** London's King Cross Station has a Platform 9<sup>3/4</sup>. It honours the wildly popular Harry Potter book series, in which students of Hogwarts School went to this weirdly numbered, magical platform to catch to their train.

**Beautiful beast:** The Bengal tiger, which lives in and around India, is the most common subspecies of tiger and is designated as India's national animal. These cats are carnivores and can live to be 8 to 10 years old.

## On the Lighter Side

"Does your dog bite?"  
"Nope."  
"Oh, so how do you feed him?"

What can you hold without ever touching it? A conversation.

The best thing about the good old days is that we were neither good nor old.

When do you stop at green and go full speed at red? When you're eating a watermelon!

The more you take from it, the greater it becomes. What is it? A hole.
