Everybody's Talking

Dating game: If you are trying to meet that special someone, it's best not to damage their property in the process. But that's what Yoshito Harada of Aichi Prefecture, Japan, did. He got into the habit of slashing the tires on women's cars, then following them so he could offer to help. Recently, one of his targets remembered him from a previous tire-slashing incident, and she called the cops. It wasn't long before the police discovered that Harada had played this game several years earlier and had been caught. He paid compensation for the tires and didn't go to jail, but none of the ladies was interested in dating him.

Pandemic dress: Peyton Manker was not able to wear her homemade dress to her high school prom, which was canceled due to the COVID-19 pandemic. However, lots of people saw her unique dress on social media. Manker, of Sparta, Illinois (U.S.), decided to enter a contest to make her dress out of duct tape, and she succeeded beyond her wildest dreams. She spent almost 400 hours and used about 40 rolls of tape to create her dress. The coronavirus-themed gown is royal blue and gold and contains colourful scenes depicting the pandemic, such as hospital staff with masks.

Tiger tales: Getting caught in floodwater is no fun, even for tigers. One such feline, a resident of the Kaziranga National Park in Assam, in northeastern India, was looking for shelter when it discovered a goat shed on someone's property in Kandolimari Village. Park officials identified the animal as a not-quite-full-grown, male Bengal tiger. Officials kept a close eye on the situation so nobody, including the tiger, would get hurt. During heavy rains, many animals in the park, including elephants and rhinos, must find sanctuary by moving to higher ground.

Tall and straight: Cactus plants can grow to be quite tall, and one in Takinogawa, Tokyo (Japan), leaves onlookers awestruck at its height. This cactus looks like a pole as it reaches for the sky on the side of a three-story building. No one is aware of the plant's age or genus, but it does appear that someone cares for the prickly thing. Metal rings are wrapped around the plant that attach it to the building, presumably so it won't topple over. The building is 10 metres (33 ft.) high, and this cactus is a little taller than that. Its top is slightly higher than the building.

Did You Know...

Wilde wit: Poet and playwright Oscar Wilde was born in Dublin, Ireland, in 1854. He was well known for his wit, humour, and drama, writing such masterpieces as *The Importance of Being Earnest*, *Salome*, and *The Picture of Dorian Gray*.

Savoury snack: A savoury pastry that originated in Lithuania is called kibinai. These small golden, crescent-shaped pastry bites can be filled with various ingredients, such as mutton, mushrooms, cheese, and spinach.

Full circle: From the ground, a rainbow looks like an arch of coloured bands in the sky. Actually, it is not an arch but a full circle. The whole circle cannot be seen from the ground because the land interferes with the view.

Large and hot: The Chihuahuan Desert, which straddles the United States and Mexico, is the largest hot desert in North America. It covers approximately 200,000 square miles (518,000 sq. km).

Red sap: The Socotra Archipelago in the northwest Indian Ocean is home to the *Dracaena cinnabari*, better known as the dragon's blood tree. Looking a little like a plant umbrella, the tree was named for its red sap.

On the Lighter Side

TV star: "I'm sorry, I don't know. When I'm on TV, I can't see out."
