Did You Know...

Powerful quote: Sir Francis Bacon is famous for first using the phrase "knowledge is power," in 1597. He was an English philosopher, statesman, and essayist, and known for ardently supporting the scientific revolution.

Transparent car: For the 1939 World's Fair, General Motors built the Pontiac Ghost Car, billed as the first transparent car. Created in partnership with Rohm and Hass, which invented plexiglass, the Ghost Car offered a clear view of the vehicle's engine.

Big bill: A shoebill is a large bird with stalk-like legs and a huge bill that resembles a shoe. These birds live in parts of East Africa, usually close to where they can find fish and other small prey, such as frogs and snails.

Old gum: When enjoying your next stick of gum, here is something to think about. The oldest chewing gum ever found dates back 5,000 years! It was found in a lump of bark tar that showed well-defined tooth prints.

Take a swing: It's generally agreed that the game of golf originated in Scotland during the 15th century. But there's also evidence that the Scots' game was inspired by stick-and-ball games played at the time in France, Germany, and the Low Countries.

On the Lighter Side

Teacher: "I hope I didn't see you looking at Fred's test paper."
Student: "I hope you didn't see me either."

Stop playing at being so serious and start playing seriously.

If it's zero degrees outside today, and it's supposed to be twice as cold tomorrow, how cold it is going to be?

Genius may have its limitations, but stupidity is not thus handicapped.

What did the two strings do in the race? They tied.
