Everybody's Talking

Disguised buns: A schoolteacher who lives in Ho Chi Minh City, Vietnam, has a hobby that is drawing attention. She likes to bake, and one of her specialties is steamed buns—with a twist! Once the buns are made, she decorates the outside to make them appear to be tangerines. When people see one, they want to pick it up and peel it. But instead of finding juicy tangerine segments, they are surprised to discover a spongy, soft, steamed bun inside. Through research, Le Thuy taught herself to make the buns. She has also decorated the outside to make her creations look like freshly dug potatoes

Gutsy thief: A conman tried to steal a fancy car and a handful of Rolex watches, but he didn't get away with it. Casey William Kelley gave the salesman at a Porsche dealership in Destin, Florida (U.S.), a fake cheque for almost \$140,000 (USD). He had printed the cheque on his home printer. The salesman let him take the car on the spot. The next day, Kelley tried the same trick at a jeweller, in an attempt to get the watches. The owner of the store tried to cash the cheque and, when it wouldn't go through, he reported the incident to the police. By then, the car dealership had also called the cops, and Kelley was soon arrested.

Farming the airport: Farmland is often surrounded by woods or rolling hills or other such pastoral scenery. Not so for the farm owned by Takao Shito. His land is surrounded by one of Japan's busiest transportation centres: Narita International Airport near Tokyo, Japan. This airport had its beginnings back in the 1960s, when many other farmers in the area accepted buyouts for their land. At that time, Shito's father was running the farm, and before that, his grandfather ran it. The airport has since offered Shito compensation to turn over his land, but his family's tradition of farming has kept him from taking the money.

Fish story: People who fish love to have a good fish story to tell. It seems that Garry Goodyear, who hails from Templeman, Newfoundland (Canada), has a story that will be hard to top. While fishing for turbot, Goodyear cast his nets to a great depth. When he and his crew pulled them up, an unfamiliar and very weird-looking creature was caught in the net. It had a long, pointed nose and fins that appeared to be wings. At first, Goodyear thought it was a platypus. Eventually, the fish was identified as a long-nosed chimaera, a relative of the shark. It is rarely seen.

Did You Know...

Colourful critter: Chameleons change colours for good
reasons. They turn dark to absorb heat, turn green to hide in
trees, or become brown to live in a desert. They also use
bright colours to attract mates or to warn enemies.

Zonkey: It's not hard to guess that a "zonkey" is an offspring of
a zebra father and a donkey mother. A "donkra" or "zedonk" is
an offspring of a donkey father and a zebra mother. A "zorse" is,
of course, a cross between a horse and a zebra.

Oscar winner: The actress with the most Oscars was Katherine
Hepburn, who died in 2003 at the age of 96. She won four
Oscars in her lifetime. Meryl Streep is still making movies and has
won an Oscar three times.

Largest train station: Grand Central Terminal in New
York City is truly grand. It's considered the largest train station
in the world, in terms of the number of platforms. Thousands
of people come and go from its 44 platforms every day.

Largest planet: Jupiter, named after the king of the gods
in Roman mythology, is the largest planet in the solar system
and is nearly twice as massive as all the other planets
combined. In 1610, Galileo discovered that Jupiter has four
large moons.

On the Lighter Side

How do porcupines play leapfrog? Very carefully.

Most people are pessimists. When things go bump in the
night, how many of us think it might be an undercover
philanthropist on a secret mission to redistribute her wealth?

What is the opposite of cock-a-doodle-do? Cock-a-doodle-
don't.

It's terribly bad luck to be superstitious.

If two is company, and three's a crowd, what are four and five?
Nine.
