Everybody's Talking

Golden sandwich: College students who eat peanut butter and jelly sandwiches to save money will have to stay away from a restaurant in Chicago, Illinois (U.S.). Called PB&J (which stands for "Pizza, Beer, and Jukebox"), this restaurant's version of the sandwich costs \$350 (USD). Called "Golden Goose," the sandwich is made from a whole loaf of bread that contains edible gold leaf. Inside is an extremely expensive kind of red current jam, with currents that were hand-seeded with goose quills. It also contains manuka honey from New Zealand. Surprisingly, the peanut butter is an off-the-shelf variety.

Phone fraud: A man in Moscow, Russia, is very angry with his bank. Vladimir Volokhovitch lost his smartphone, and the thief who found it was able to use Volokhovitch's bank app to take out a loan. The bank is charging him interest, claiming that he did not report the loss in a timely fashion. This crime victim is livid, as circumstances made it impossible for him to do so. The thief, pretending to be a friend, sent a message saying the phone had been found, so Volokhovitch thought all was well. What makes him mad is how easily the bank allowed a stranger to take out a loan, with no paperwork required.

Covering up: A Vietnamese tattoo artist creates unique designs for a purpose: she wants to help people with scars or birthmarks to regain their confidence. If someone has scars from an operation or a burn, or if they have lived with a noticeable birthmark all their lives, the tattooist, known as Ngoc, will come to the rescue. Ngoc has a knack for figuring out what design to use to cover up her clients' imperfections, whether large or small. She might ink a vase of flowers over an appendectomy scar, or a mountain range over a burn mark. Some consider her to be a bit of a magician for her skills.

Shattered glass: A couple of kids are in a lot of trouble with their parents right now! The family was in the Shanghai Museum of Glass in China and were viewing a glass castle worth about \$64,000 (USD). The castle, on permanent display at the museum since 2016, was made by Miguel Arribas, a Spanish glassblower with Arribas Brothers. He created his masterpiece, which had approximately 30,000 parts, in the form of Cinderella's castle. The children were playing chase and they ended up accidentally knocking the sculpture over. When travel is allowed again, Arribas Brothers says it will come to repair the damage.

Did You Know...

New name: Times Square, the famous intersection in New York City (U.S.), was originally called Long Acre Square. Its name changed in 1904 when *The New York Times* moved its headquarters to that location.

Colour blind: Waving a red flag in front of a bull is not productive because bulls, like other animals with hooves, are colour blind to the colour red. They are probably just irritated by the movement of the cape.

Apollo 13: American astronauts Fred Haise, Jim Lovell, and Jack Swigert traveled to the far side of the moon on Apollo 13 in 1970. They didn't intend to circle the moon and only did so because of an emergency situation.

Healing honey: Manuka honey from Australia and New Zealand comes from bees that pollinate the manuka bush. This honey has a higher degree of natural antibacterial qualities than other types of honey.

Unsinkable: In the movie *Titanic*, American actress Kathy Bates played Margaret Brown. The real-life Margaret Brown became known as the Unsinkable Molly Brown because she did so much to help other passengers when the boat went down.

On the Lighter Side

Name six animals that inhabit the Arctic region. Three seals and three polar bears.

If you had only one match and entered a room in which there were a kerosene lamp, a fireplace, and a wood-burning stove, which should you light first? The match.

Parent calling home: "I'm just checking on you."
Child: "Shh, not so loud. The babysitter's asleep."

Exaggeration is a hundred, million, billion times worse than understatement.

How much honey can a bee make in a day? Enough to fill one jam jar, with a little bit left over to stick on the label.
