What's In Your Glass? **HUGE SELECTION with R&R**
July Is All About Canada
 We're celebrating Canada for the entire month of July. We are taking you on a trip, so to speak, across the country. We'll start off in the Yukon, then head to BC and trip the light fantastic all the way to The Rock (Newfoundland). Yukon Brewing brews are wicked and a definite must. Now pop on over to BC for a little tasty Pinot Grigio. Hey, did you know that Crown Royal is produced in Gimli, Manitoba? Pelee Island Shiraz-Cabernet is made in the southern most point in Canada (Ontario). Nothing says Canada like maple syrup, right? Quebec's Sortilege Maple Syrup & Canadian Whisky is delectable (serve it cold cold cold).
 Phew! After several thousand kilometers we've made it all the way to Newfoundland (by the way, it rhymes with "understand"). Newfoundland Distillery Chaga Rum is extremely more-ish (take our word for it). Yummm. It was a quick but tasty tour across the country. Thanks for coming with us. Next month we'll tour the province of Alberta.

Everybody's Talking

White cukes: Most vegetable gardeners are familiar with green cucumbers, but not many may be aware that there is such a thing as a white cucumber. This type is known by many names, including White Wonder, White Albino, Ivory King, and Jack Frost. This cucumber was first developed by a seed company in the United States in the late 1800s. It took the company several years to test and evaluate the fruit before commercializing the seed. While their foliage is green, these cucumbers have white skin, and the fruit is crisp and delicious.

Treasure hunt: A jeweller and his wife from Macomb County, Michigan (U.S.), were having a hard time making ends meet during the COVID-19 shut down. So Johnny and Amy Perri decided to close their shop and bury (or otherwise hide) all their merchandise in dozens of places around the state. The couple is holding a series of treasure hunts; contestants must buy tickets to obtain clues, riddles, and maps leading to the locations. Treasure that can be found includes diamond rings, silver bars, necklaces, and prospector coins. The couple is calling their adventure Johnny's Treasure Quest.

Some like it hot: When the temperature is hot, people like to jump in a lake or find an air-conditioned place to escape from it. But some tourists visiting Death Valley National Park in the southwestern United States get out of their cars to snap selfies beside the Furnace Creek Visitor Center's digital thermometer. The numbers might read as high as 132° F (56° C). These tourists often post photos on social media about surviving such severe heat, even if their air-conditioned cars are only a few paces away! Death Valley is one of the hottest places on Earth and the driest in North America.

Face painting fanatic: Hannah Chilton, known as "Hannah Grace" on social media, is a makeup artist with great skill, and she uses that skill to turn herself into different things. Chilton, who lives in the UK, applies body paint and makeup to her face. When complete, she may look like a dinosaur, a skull, or a mummy, to name just a few. When she finishes a creation, she takes pictures of herself to post and then washes the paint off. She has quite a following and hopes to one day make her living using her craft, which she began learning just for fun during time off from her job as a chef.

AQUARIUS (Jan. 21 - Feb. 19)

You may want a break from your usual routine and be a little more spontaneous. A refreshing change of pace could help you begin to reitalize your creative interests. Lucky Numbers: 15, 26, 34, 37, 39, 46.

PISCES (Feb. 20 - March 20)

You may be forced to deal with an arrangement or situation that no longer works well. Old, outworn procedures could very well be a big part of the problem. Lucky Numbers: 3, 17, 18, 28, 31, 42.

Lucky numbers this week: This week's odds favour Leo winners with the luckiest number being 2.

Did You Know...

Band history: American rock and roll musician Bruce Springsteen, who fronts The E Street Band, was in numerous other bands when he first started performing. The first of these was The Rogues in the mid-1960s.

Blue eyes: People with Waardenburg syndrome, a genetic condition, may have some degree of hearing loss as well as pale blue eyes or different coloured eyes, such as one blue eye and one brown eye.

Soaring bird: The Andean condor has a great ability to soar. With a wingspan of about 3.3 metres (over 10 ft.), it has been known to soar for five hours over a distance of 160 kilometres (100 mi.) without flapping its wings.

From outer space: The Meteorite Museum at the University of New Mexico, in the city of Albuquerque (U.S.), is a fascinating place. It displays many different kinds of meteorites that have hit earth over the decades, including one that weighs one tonne.

Great spread: Tapenade is a pâté made from green or black olives. It is often made with garlic, lemon juice and olive oil, but other ingredients can be added. This dip is great on crackers and baguettes or served with meat dishes.

On the Lighter Side

Which month has 28 days? They all do.

How do you torture an engineer? Tie him to a chair, stand in front of him, and fold up a road map the wrong way.

I hate to always eat and run, but the way I tip, it's the only safe procedure.

First cowboy: "Why are you wearing only one spur?"
Second cowboy: "I figure when one side of the horse starts running, the other side will, too."

One day the bass player hid one of the drummer's sticks. The drummer said, "Finally! After all these years, I'm a conductor!"
