**Everybody's Talking**

**Cat cuisine:** Who says cats won't eat candy? One feline proved that not only would it eat candy, but that it could survive on the sweet stuff. The cat in question boarded a ship, belonging to the Ukrainian company Star Shine Shipping, which was headed for Israel. The kitty was in for a three-week sea voyage inside a shipping container. When the ship docked and workers opened the door, they were surprised to see the furry little mammal looking quite healthy. Upon further investigation, the workers discovered chewed boxes of candy. Apparently, the cat was able to stay hydrated by licking condensation on the metal enclosure.

**Pink paradise:** It's a good thing Yasmin Charlotte looks good in pink because that is the only colour this teacher from Thun, Switzerland, wears. She loved pink when she was a kid and has never outgrown it. She loves pink so much that not only does she wear only pink, but her apartment is decorated in various shades of the pastel colour. She wears pink skirts, socks, and shoes, and she even sports pink jewelry. Her closet is filled with stacks of pink sweaters and shirts, her windows are dressed in pink curtains, and her kitchen cupboards are full of pink dishes. Everyone has a favourite colour!

**Dairy delight:** A tourist attraction in Dresden, Germany, might take a visitor's breath away. Dresdner Molkerei Gebrüder Pfund is a dairy shop where people can buy cheese, yogurt, and other products made from milk. Its walls and ceilings are decorated with beautiful, hand-painted ceramic tiles created by local artists. The shop started in the late 1800s when a farmer named Paul Pfund opened up a dairy where cows were milked, and the milk was processed into various products for sale. Today, the dairy has ceased operating, but the shop is still open for patrons interested in buying dairy products.

**Hiking through tunnels:** In the mountains of western Canada, near Hope, British Columbia, is a series of tunnels once used by the railroad. Kettle Valley Railroad was built in the early 1900s by the Canadian Pacific Railway. Rock was blasted out to make five tunnels. While the tunnels are no longer used for trains, hikers and bicyclists love to use the decommissioned tunnel system to enjoy the natural mountain environment. The tunnels have appeared in a couple of famous American movies: Rambo: First Blood and Far from Home: The Adventures of Yellow Dog.
