Everybody's Talking

Climb for salt: A mountain goat that lives in the European Alps is called the Alpine ibex. These amazing animals can climb exceptionally steep inclines because their special hooves allow them to grip. They even climb up to the top of very high and extremely steep dams. For example, they've been seen climbing dams in Italy, including the Cingino Dam in the Piedmont region and the Barbellino Dam in Lombardy. The reason these goats are driven to scamper up these structures is because the cement at the top contains salt, which is important to their diet.

Lost and found: A Chinese family was overjoyed when their lost dog, Dou Dou, arrived on their doorstep after being missing for 26 days. The family had accidentally left Dou Dou behind at a gas station when they were driving back to their home in Hangzhou after visiting relatives. The next day, they went back to the station, which is 60 kilometres (37 mi.) from their home. With no sign of Dou Dou, the family could only hope that a kind person had rescued him. When the family pet reappeared, he was so skinny that they barely recognized him. But with loving care, they nursed him back to health.

Wrinkled fender: Driving a new car off the lot is exciting. Most people scrimp and save if they plan to buy a brand-new vehicle from a dealership. That was probably the case for a man in India as he drove his car out of the lot, looking forward to showing it off. Unfortunately, he seemed to know more about accelerators than about breaks because he drove the white, four-door Kia Carnival right into a wall. The lack of driving finesse caused the airbags to deploy and the front end to buckle. The only good thing about the situation is that no one was hurt.

Big gator: Those who enjoy the sport of golf in the state of Florida (U.S.), know that spotting alligators on the fairways is not unusual. The reptiles are common in that state, and everyone knows to stay clear of them if they pop up from a pond to lie in the sun. However, onlookers were quite startled when an outrageously large specimen appeared on the Valencia Golf and Country Club in Naples. It looked like it belonged in a movie about prehistoric creatures! Footage of the beast was taken by Tyler Stolting, a golf pro at the club.

Recipe of the month

Watermelon Steaks with Warm Pickled Shrimp

1 cup apple cider vinegar
1/2 cup plus 2 tablespoons extra-virgin olive oil, divided
1 tablespoon plus 1/2 teaspoon kosher salt, divided
2 teaspoons coriander seeds, lightly crushed
12 ounces peeled and deveined tail-on raw large shrimp

1 medium-size red onion, thinly sliced
1 medium jalapeño, thinly sliced (from the centre of 1 large seedless watermelon), quartered
1/4 cup fresh flat-leaf parsley leaves
Lime wedges, for serving

Prep Time: 25 min. Yield: 4 servings

1 Stir together vinegar, 1/2 cup olive oil, 1 tablespoon salt, and coriander seeds in a medium saucepan; bring to a boil over high. Add shrimp, onion, and jalapeño. Cover pan, and remove from heat; let stand 20 minutes, stirring once after 10 minutes.
2 Meanwhile, preheat grill to high (450°F to 500°F). Brush watermelon quarters with remaining 2 tablespoons oil, and sprinkle with remaining 1/2 teaspoon salt. Place watermelon on grill grates, and grill, uncovered, until slightly softened and grill marks appear, about 4 minutes per side. Transfer to a platter. Using a slotted spoon, top watermelon wedges evenly with pickled shrimp mixture. Spoon a few tablespoons of pickling liquid over top of each, and garnish with parsley. Serve immediately with lime wedges.

Did You Know...

Dog bites: Dogs may be man's best friend, but research in the United States indicates that about 4.5 million dog bites occur there every year. Luckily, most don't require medical attention.

Unique décor: Boebel Bratwurst Bed and Breakfast, in Rittersbach, Germany, is said to be the world's first sausage hotel. The wallpaper is festooned with sausages, cushions are in the shape of bratwurst, and sausages hang from hooks on the walls.

Largest lollipop: See's Candies Lollypop Factory in Burlingame, California (U.S.), claims to have created the world's largest lollipop, a chocolate-flavoured monster that weighed 7,000 pounds (3,175 kg). The record was set in 2012.

Getting clean: Many dermatologists say showers are better than baths because relaxing in a bathtub for a long period of time can dry out the skin. Unless they're too long, showers also use less water so they are better for the planet, too.

Wind speeds: The Fujita Scale of Tornado Intensity has six levels. The mildest is the "gale tornado," with wind speeds of 40 to 72 miles per hour (64 to 116 kph). The most dangerous is the "incredible tornado," with wind speeds of 261 to 318 mph (420 to 512 kph).

On the Lighter Side

I went to a concert by the Bermuda Symphony Orchestra. They played the coconuts beautifully, but the triangle kept disappearing.

When fish are in schools, they sometimes take debate.

My only regret was that I had but one life to give for my country. If I'd had two, I would have felt much safer.

My car radio only gets talk shows, no music. It needs a tune-up.

A smile is a curve that sets everything straight.
