Colourful field: People driving by a field of leeks at night near the town of Lelystad, Netherlands, have been known to stop and gawk. This is not because leeks are an amazing vegetable, but because the field is glowing with blue, red, and purple light. The ultraviolet glow comes from a lighting system designed by Dutch artist Daan Roosegaarde. In addition to being beautiful, the project, called GROW, has a practical purpose: the artist and his team are experimenting with light to see how different wavelengths can enhance plant growth.

Airport home: For three months, the O'Hare International Airport in Chicago, Illinois (U.S.), became the unauthorized home of a man named Aditya Singh. Apparently, the trespasser didn't want to get on a plane to go back to his home state of California. He managed to steal an airport employee's identification badge and then proceeded to hide out, undetected, in a secure area of the transportation hub. Finally, staff members asked for his ID, only to discover the badge produced by Singh had been reported missing months earlier. Police were called, and Singh was charged with trespassing.

Sympathy for owner: Russell Jones of London, England, broke his ankle, was outfitted with a cast, and came home with canes to help him walk, with a temporary limp, of course. While out for an evening stroll, he noticed that his dog, a Lurcher named Billy, also started to limp. Jones took the dog to the vet and, after paying £300 for the vet bill, discovered there was nothing wrong with Billy's leg. Jones and his wife, Michelle, think that Billy faked his limp in order to commiserate with his owner. They thought this because when Jones wasn't home, Billy would run around the yard with no limp at all!

Boar trouble: Police in the city of Moro, Sindh, Pakistan, had to deal with an unusual incident that did not include arresting thieves or any other type of human criminal. Animal intruders invaded their police station, causing panic and fear until the situation was brought under control. The trespassers turned out to be two wild boars that somehow got inside the station, and the place had to be evacuated. Wild boars are large, intelligent animals, and can be dangerous, so a plan had to be put in action to get the big pigs back outside. One of the pair was driven out, and the other was cornered inside the station, to the relief of everyone involved.

**Recipe of the
month**

**Chocolate Covered
Strawberry Christmas Trees**

12 ounces dark green
candy melts
1 pound of strawberries,
stems removed
24 Oreo cookies
white icing
sprinkles
candy stars

Icing:
2 1/2 cups powdered sugar
3 tablespoons heavy cream
Add water by the teaspoon and
whisk until the desired
consistency is reached.
You want it to be thick like
toothpaste.

Prep Time: 15 min. Cook Time: 10 min. Yield: 24

- 1 Set a heat proof bowl over a small pot of simmering water on the stovetop (double boiler). Slowly melt the candy melts in the bowl, stirring occasionally. Do not allow moisture to come in contact with the candy.
- 2 Spoon or pipe a small amount of icing onto the top of each Oreo. This will adhere the strawberry to the cookie base.
- 3 Once candy melts are fully melted, turn the heat to low while you dip the strawberries using a toothpick inserted into the cut end.
- 4 Shake off excess candy coating gently. Using a second toothpick inserted into the pointed end of the dipped strawberry, carefully place the strawberry on top of the icing on the Oreo.
- 5 Decorate with sprinkles and a candy star while the candy coating is still wet. It will usually dry in about 10 minutes.
