## Everybody's Talking

**Feathery feat:** Artists use many different mediums to craft their work, but pigeon feathers are not often the choice of material. That's what Kate McCwire of London, England, used to create an art installation called "Discharge." With about 10,000 gray and white feathers, which she considers to be overlooked material, she made what appears to be a huge outflow of liquid emerging from the top of a library bookcase. Where the "flow" hits the floor, more pigeon feathers form what looks like a churning pool. The piece stands five metres high (16.4 feet) and is part of a larger exhibition.

**Quiet work spot:** Those who want to find a private place to work in Japan now have an option. Whether they want to get out of their noisy home or do some work while waiting for a flight, they can book a Telecube. These small pods are about the size of a phone booth (remember them?), and they are becoming more and more available. The comfortable little booths are soundproof and have everything a worker needs, including a desk, a place to sit, power outlets, and video conferencing software. And if a user has difficulty with any of the technology, a support service is available around the clock to help.

**Leaning towers:** Most people have heard of the Leaning Tower of Pisa in Italy, but the leaning towers of Santos may not be quite as well known. Santos is a city located on shore of the Atlantic Ocean, southwest of Rio de Janeiro, Brazil. Many of the hundreds of buildings in its skyline lean to one side. Some lean a tiny bit, not visible to the naked eye, but others are noticeably tilted by as much as a few feet. The buildings lean because building codes were more lax when these towers were constructed, compared to today, and foundations were not as deep. However, authorities claim these leaning towers are not in danger of falling over.

**Castle hotel:** European-style fairy castles aren't a common sight in China. But visitors to the Wanfeng Lake Castle (also called Jilong Castle Country Club), on Wanfeng Lake in Guizhou province, can enjoy a bit of European atmosphere. This castle-like, luxury hotel, which was built in 2011, is complete with a bridge connecting the island resort to the mainland. Wanfeng Lake is surrounded by jungle and foliage-covered peaks. The resort boasts a spa and entertainment club, as well as conference and dining rooms. Guest rooms offer views of the beautiful lake. This castle hotel is reminiscent of the famous Neuschwanstein Castle, near Füssen, Bavaria, Germany.

**The Night Before Christmas**

A *Coffee News*® poem:

'Twas the night before Christmas and soon, the New Year  
So, we offer a wish to the ones we hold dear.  
May your blessings be many, and your troubles be few,  
May you find much success in all that you do.  
To our business friends, sales. Working? Time-and-a-half.  
Our accountants, deductions. To our readers, a laugh.  
To our food-service friends, a good dinner crowd.  
Our working-class heroes, burdens light as a cloud.  
To our young friends, some patience. To our busy friends,  
To our treasured old folks, even more treasured guests.  
To our Mothers, some long overdue appreciation,  
To our Dads, a long overdue golf vacation.  
We hope that our little brown paper served well  
With smiles or rings on cash register bells.  
We aim to please and we aim to amuse,

**Recipe of the month**

**Chocolate Covered Strawberry Christmas Trees**

12 ounces dark green candy melts  
1 pound of strawberries, stems removed  
24 Oreo cookies  
white icing  
sprinkles  
candy stars

**Icing:**  
2 1/2 cups powdered sugar  
3 tablespoons heavy cream  
Add water by the teaspoon and whisk until the desired consistency is reached. You want it to be thick like toothpaste.

Prep Time: 15 min. Cook Time: 10 min. Yield: 24

- Set a heat proof bowl over a small pot of simmering water on the stovetop (double boiler). Slowly melt the candy melts in the bowl, stirring occasionally. Do not allow moisture to come in contact with the candy.
- Spoon or pipe a small amount of icing onto the top of each Oreo. This will adhere the strawberry to the cookie base.
- Once candy melts are fully melted, turn the heat to low while you dip the strawberries using a toothpick inserted into the cut end.
- Shake off excess candy coating gently. Using a second toothpick inserted into the pointed end of the dipped strawberry, carefully place the strawberry on top of the icing on the Oreo.
- Decorate with sprinkles and a candy star while the candy coating is still wet. It will usually dry in about 10 minutes.
