**Masked bandit:** A home in North Ridgeville, Ohio (U.S.), was the site of a masked robbery. The robber was not human, and it didn't steal anything. However, it did make quite a mess. The villain was a raccoon, which had somehow found its way into the home. The owner realized something was amiss after finding the mess, and then discovering the source of the problem. A raccoon was taking a nap in the dishwasher. Police were summoned, and patrolman John Metz answered the call. Metz managed to get the animal out of the dishwasher without hurting it, then encouraged the animal to leave the premises. No charges were filed.

**Iron shoes:** There are various ways to exercise to stay strong and healthy, but a Chinese man decided to take his workout one step further, literally. Zhang Enshun, who hails from Yulin City in Guangxi province, puts on a pair of “iron shoes” and tries to walk. The iron shoes are actually steel plates that he straps to his shoes. He started with one plate and has progressed to four, which together weigh a total of 150 kilograms (330 pounds). He tries to gradually increase the distance he is able to walk in these shoes, and he practices tai chi while doing it. Exercise experts don't advise trying this type of workout without first receiving training from specialists

**Garden community:** An intriguing landscape design exists in Nærum, Denmark, in the northern outskirts of Copenhagen. Known as the “round gardens,” they are actually oval-shaped allotment gardens, laid out between public housing and traditional housing. This creation was designed in 1948 by renowned landscape architect Soren Carl Theodor Marius Sorensen. Still in use today, the gardens consist of 40 hedge-encircled plots of land measuring approximately 25 x15 metres (82x49 feet), within which an owner can build a cottage and design their own garden plots. The plots do not have driveways leading to them, meaning that inhabitants are encouraged to walk to their cars, which helps them get to know their neighbours in the process.

**Pretty in pink:** Bruna Carolina Peres, who lives in Brazil's state of Parana, has been nicknamed “Bruna Barbie.” That's because she has opted for a lifestyle with a theme that revolves around the well-known Barbie doll. She has become famous on the internet for her posts, which show her living in a world of pink. Almost everything in her house is a shade of pink, including carpets, counters, cupboards, pillows, and bedspreads. She has a few black-and-white pieces and a blue room designed with the male Ken doll in mind. Her wardrobe also is all pink, from jackets to sunglasses and from blouses to belts. Images of Bruna Barbie have garnered millions of online followers, and she earns money from her videos. Peres, the woman behind this media sensation, is a law school graduate.

## AQUARIUS

(Jan. 21 - Feb. 19)

At the beginning of the week, there is the potential for a reset in some area of your life, possibly regarding your spouse. Don't let this opportunity slip by. Lucky numbers: 12, 19, 31, 36, 42, 44.

## PISCES

(Feb. 20 - March 20)

Lucky numbers this week: This week's odds favour Aquarius winners with the luckiest number being 31.
