Everybody's Talking

Guava king: An Indian man is being honoured for his contribution to the environment after years of working hard to develop an orchard on barren land. Satyendra Guatam Manjhi lives in Imaliyachak, a small village in the Indian state of Bihar. Accomplishing this was difficult. He began by hauling water to the land to nourish the plants, but wild animals kept destroying them. So he planted a ring of thorny bushes around the area to deter the animals. This tactic worked, and 15 years later he has an orchard of about 10,000 guava trees, as a result of his labour. Now, along with enriching the environment, he is able to make a living by selling the fruit.

Big winner: When Chad Breyer of Tavistock, Ontario (Canada), buys a lottery ticket, his habit is to stick it in his vehicle's cup holder. Why not? The chances are rare that he would win any big lottery prize. However, one of his recent lottery ticket purchases was a winner. The ticket sat, as usual, in the cupholder for days before Chad's wife, Christa, asked to take a look at it. If they'd known that the ticket was worth \$50 million (CDN) in prize winnings, the couple most certainly would have put it in a safe place immediately and not left it in their unlocked vehicle! But all's well that ends well. The pair plans to buy a new home for their young family.

Colourful Dane: Great Danes usually aren't multi-coloured, but one named Echo loves to show off his many metallic hues that include green, blue, pink, and purple. Of course, Echo is not brilliantly adorned in his natural state. His master, Sierra Schoon of Grand Junction, Colorado (U.S.), dyes him. She uses pet-safe, vegetable-based dye, and she has been doing it since Echo was a pup. The dog, a psychiatric service animal, loves the attention, and sits quietly and happily as the job gets done. When he's out in the world, Echo also attracts the attention of many passersby. Schoon believes this has helped her pet become less shy.

Moldy bun? Who would eat a bun that looks moldy? Probably not very many people, unless they know the bun simply looks moldy, but really isn't, and actually tastes good. That is the case with buns sold by a Chinese company called Nanjing Yican Foods. The buns are called matchsticks, and are a kind of puff pastry filled with cheese that has a green hue. When a bun is squeezed, the cheese oozes out, making the pastry seem even more unappetizing. However, those who have tried the buns give them rave reviews, with hundreds of taste testers saying they are quite a delicacy. So be careful not to judge a book by its cover, or in this case, a bun by its appearance.

Did You Know...

Storm names: Cyclones, hurricanes, and typhoons are all the same thing. The difference is where they happen: hurricanes in the North Atlantic and Northeast Pacific, cyclones in the South Pacific and Indian Ocean, and typhoons over the Northwest Pacific Ocean.

Sweet to eat: A fruit that grows on trees in the tropics of the West Indies and South America is called the sweetsop. It has custard-like pulp that can be eaten as is, or made into juice or ice cream.

Early days: As a little girl, Australian actress Nicole Kidman was very shy and self-conscious about her height. She was 5'10" (1.8 metres) tall at age 13. She also stuttered, but slowly trained herself to overcome it.

Unusual snow: Everyone knows to avoid snow that is an odd colour. This includes "watermelon snow," which has been around for hundreds of years. It is caused by a species of green algae that makes the snow look and smell somewhat fruity.

Vegetarians: Giraffes enjoy eating flowers, fruit, herbs, leaves, and shoots, but they don't eat very much grass. They have long necks to forage up high, as well as long, agile tongues that they can easily move around to grab the good bits!

On the Lighter Side

What do you call a skunk who carves figures out of wood? A whittle stinker.

Knock! Knock! Who's there? Atlas. Atlas who? Atlas! You're home!

Why was the inchworm angry? His teacher was trying to convert him to the metric system.

Pat: "Are you sure you can spare it?"

Alberta Has It All

"Flatlands and rollin' plains, clear blue skies, prairie rains; a tapestry of colours in the fall. Snow covered mountain tops, wheat fields, canola crops; Alberta has it all." This is from our Alberta provincial anthem. That's just a smidge of it, because if we wrote the whole thing, well, you would miss our monthly wit and wisdom. Okay, maybe just our wit (haha).

There's no part in the anthem about our liquid assets. We mean of the alcohol type, of course. We make some wicked products in Alberta.

Beer... lots of fabulous beer of every size and type. We're in the spirit of things too with vodka, gin, whisky. Liqueurs, too. How about mead, coolers, fruit wines and pre-mixed cocktails... Albertans make those, too. Come on everybody. Let's celebrate Alberta made products. We've got a ton to salute. Cheers!
