## Everybody's Talking

**Monkey business:** A sneaky little Patas monkey found a way to escape from his enclosure at the Taipei Zoo in Taiwan. Known as Nan Dao, the male primate was minding his own business when a zookeeper came into the enclosure to do some cleaning. A younger monkey managed to slip by the keeper, who took a few minutes to round him up and direct him back to the abode. In the meantime, Nan Dao, the smart little creature, opened the cage door and ran off. Luckily, zookeepers are smart, too. They set a trap filled with apples, which lured Nan Dao. He was safely captured and found to be in good condition after a couple of days in a nearby forest.

**Adrenalin rush:** A roller coaster in the vacation destination of Blackpool Pleasure Beach in England is called The Big One. While other roller coasters around the world have been built taller and steeper since this one was constructed in 1994, The Big One is still gigantic at 65 metres (213 feet) high. So when it broke down near the top, the riders on board had quite a long – and scary – walk down a steel staircase to the solid ground below. The visitors did not have to do it by themselves. Park staff members climbed up to meet them and escort them, step by step, along the steep stairs. Whether riding up or walking down, The Big One is quite an adrenaline rush!

**Lizard interloper:** When swimming in the sea, people might not be too surprised to see a few small fish sharing the water. On a Thailand beach, however, those frolicking in the surf were shocked to find a monitor lizard swimming among the humans. But there was nothing to fear: monitor lizards are big and look scary, but they are not a threat to humans. Southeast Asia is home to many of these shy reptiles, which can grow to be 2.5 metres (8 feet) long. So, while a video of the reptilian beach visitor caused alarm for the tourists, the area's wildlife officials knew about this particular male specimen, who often visits the beach looking for food leftovers.

**Border conundrum:** Who knew it could be so easy to change the border between two countries? A Belgium farmer did just that between Belgium and France, but unfortunately, the boundary change is not acknowledged by authorities. The farmer moved the stone border marker that had been sitting in place for over two centuries because it was in the path of his tractor. A local historian noticed that the stone had been moved 2.29 metres (7.5 feet), making Belgium a tiny bit bigger and France a wee bit smaller. The situation caused a few laughs between area politicians, who said that as long as the stone is moved back to its rightful place, no problems should arise.

**Valentine's Pop Hearts**

1 refrigerated, ready-to-unroll piecrust | 1 large egg | 4 tbsp. raspberry jam

Prep Time: 10 min. Cook Time: 13 minutes Yield: 4

- 1 Preheat the oven to 425 degrees F. Line a jelly-roll pan with parchment paper.
- 2 Unroll the piecrust and cut into 8 rectangles or hearts. Use a small heart-shaped cookie cutter to stamp out smaller hearts from half the hearts (these will be your peekaboo top crusts); brush edges with egg.
- 3 Spread 1 heaping teaspoon raspberry jam in the centre of the 4 solid hearts. Put the peekaboo crusts on top; seal the edges by crimping them with a fork (lightly floured, if needed). Transfer to prepared jelly-roll pan.
- 4 Bake 10 to 13 minutes or until golden. Transfer to wire racks to cool.

Forego the store bought chocolates and impress your Valentine with these treats!

## Did You Know...

**Versatile song:** British rocker Elton John, with writing partner Bernie Taupin, penned "Candle in the Wind" in the early 1970s, to honour the late American actress Marilyn Monroe. He performed the song with rewritten lyrics at Princess Diana's funeral in 1997.

**Clean nails:** Nail polish can be removed using a homemade mixture of equal parts white vinegar and lemon juice. Held on the nail for a few minutes with a cotton ball, the mixture's acidic nature can get rid of chipped, old polish.

**Plant choice:** A good houseplant for beginner green thumbs is the *Pilea peperomioides*, or the Chinese money plant. With leaves that are shaped like large, round coins, they grow well in bright but indirect light and need only occasional watering.

**Lovable canine:** Many dog lovers have fallen in love with a breed called the goldendoodle. A cross between a golden retriever and a poodle, these dogs make great pets because they are smart and fun loving. Another bonus? They don't shed very much.

**Common markings:** Moles, or beauty marks, called nevi in the medical world, are clusters of pigmented cells. Usually less than six millimetres (1/4 inch) diameter, they vary in size, can be flat, raised, or hairy, and are usually harmless. But watch for any changes in the skin.
