Vol. 19 No. 14 April 4, 2022
Everybody's Talking

Model kitty: Who says a cat can't get a job and make money? There is one feline from Jiangbei, Chongqing, China, who is showing the world she is capable of such a feat. The cat is a cute British shorthair named Mao Mao, and she earns up to 10,000 yuan per sitting as a car model. Her "career" started when Mao Mao's owner, an automobile industry worker named Zheng, brought her to work during an auto show. He set Mao Mao on the hood of a car, and people began snapping pictures and posting them on social media. Needless to say, it was only a matter of time before the costumed kitty was in demand for a few jobs a month.

Flooded out: Nothing was going to keep Australian Kate Fotheringham away from her wedding venue, not even raging floodwaters. That is what she faced at her parents' home near Wingham, New South Wales, on the morning of the big day. When it became clear that she and her parents would not be able to drive to town so she could marry Wayne Bell, she resorted to social media to see if someone had a solution. Before long, a TV station arranged for a helicopter to come and fly her over the swollen river. After dealing with a few other problems, such as the caterer not being able to make it, the pair got married, and they have pictures to prove it.

3D retirement: A retired Dutch couple moved into a rented home in Eindhoven, a suburb of Bosrijk. This sounds like a standard thing to do, but this case is a special endeavour: they are the first people in Europe to live in a 3D-printed house. Elize Lutz and Harrie Dekkers will live in the two-bedroom bungalow, which looks a little like a big boulder with windows, for six months, at a reduced rent. The home was designed by participants in Project Milestone at the Eindhoven University of Technology. Lutz and Dekkers will keep track of their experiences living in the 3D home as a way of documenting the technology's viability.

Lost dog: Usually cats are the ones who are said to have nine lives, but Ivy the dog survived an ordeal. Owned by a family in Sioux City, Iowa (U.S.), Ivy wandered away from home and ended up on the road for 23 days. She was finally captured 100 miles (161 kilometres) away in the state of Nebraska, near the city of Omaha. Ivy had been seen numerous times on her voyage, during which worried onlookers tried to call her with kind words, but that only frightened the shy pooch. Eventually, the Nebraska Humane Society was called in to help, and used food to lure Ivy into a concerned citizen's garage. The dog had lost weight during her adventure, but otherwise was happy to be home.

Did You Know...

Pattypan squash: Those looking to try a different kind of squash could try a variety called pattypan. Shaped like a pie with a scalloped crust, pattypan squash come in various colours, such as yellow, green, and white. They need to be cooked longer than other varieties because they are more dense.

Smart bird: Puffins have recently been spotted picking up sticks and using them to scratch an itch. Humans have used tools for millions of years, but less than one percent of other species do. Seabirds were thought to be unlikely tool users because they have smaller brains than other birds.

Songwriter: "A Boy Named Sue," a song made famous by Johnny Cash, was not written by the country and western star. That piece was penned by the American children's book writer and humourist Shel Silverstein.

Filing features: To file fingernails, people often use an emery board, which is much like sandpaper. These wear out after a few uses. A longer-lasting alternative is to use a file made from natural minerals, such as crushed glass.

Saucy succulent: A plant that needs lots of direct sunlight but is easy to grow is jade (*Crassula ovata*). A succulent with fleshy leaves that grow on tall stems, it is known as a symbol of good luck.

On the Lighter Side

Why didn't the sun go to college? Because it already had a million degrees.

Knock! Knock! Who's there? Who. Who who? I didn't know you were an owl!

Country air is so much more pure. Why didn't they didn't build the city out there?

Ned: "If you got the little medal for singing, why did you get the big medal, too?"
Fred: "For stopping."

What does a reptile wear on its feet? Snakers.
