Alberta Has It All

"Flatlands and rollin' plains, clear blue skies, prairie rains; a tapestry of colours in the fall. Snow covered mountain tops, wheat fields, canola crops; Alberta has it all." This is from our Alberta provincial anthem. That's just a smidge of it, because if we wrote the whole thing, well, you would miss our monthly wit and wisdom. Okay, maybe just our wit (haha).

There's no part in the anthem about our liquid assets. We mean of the alcohol type, of course. We make some wicked products in Alberta.

Beer... lots of fabulous beer of every size and type. We're in the spirit of things too with vodka, gin, whisky. Liqueurs, too. How about mead, coolers, fruit wines and pre-mixed cocktails... Albertans make those, too. Come on everybody. Let's celebrate Alberta made products. We've got a ton to salute. Cheers!

Everybody's Talking

Locked-up thief: Jitendra Kumar-Sas, a clerk in a cell phone store in Philadelphia, Pennsylvania (U.S.), was going about his daily business when a customer entered, approached him aggressively, and ordered him to hand over all the money in the till. Kumar-Sas kept his cool, explained that there was no cash in the till, and said he would get some from another employee. The robber agreed to wait, which was a mistake, because the smart clerk left the store and locked the man inside. Police were called and managed to get the thief to surrender, but they credited Kimar-Sas for his calm reaction to the situation.

Southern train: Anyone who plans to visit the southern tip of South America will want to include the city of Ushuaia, Argentina. Located on the Isla Grande de Tierra del Fuego, it is known as the southernmost city in the world. The beautiful spot is backed by mountains and fronted by water. Local industries include sheep farming, fishing, lumber, and tourism. One attraction is the Southern Fuegian Railway, a steam train that tourists can take to travel along the Pico Valley. In the 19th century, the railway transported wood from the surrounding forests to be used for heating and cooking.

Potato namesake: A Copenhagen, Denmark, neighbourhood is named after what once lay under the ground: potatoes. Called Kartoffelrækkerne, which means "Potato Row," this area was named for the crop grown on the land in the 1800s. Living conditions in the city were poor at the time, so a decision was made in the 1870s to build three-story, connected homes on the land to house factory workers, one family on each floor. By the 1970s, these homes were slated to be torn down, but residents opposed this. Instead, each home was renovated into a single-family dwelling. Today, the homes on Potato Row command high prices.

Elderly climber: People who are retired and in their 70s, and who have always dreamed of climbing a mountain, could take some inspiration from Arthur Muir. The Northbrook, Illinois (U.S.), man summited Mount Everest. He is the oldest American ever to do so. Although aware of mountain climbing since he was a teenager, he never learned more about it or actually tried it when he was younger. But after he retired at the age of 68, he started to train. He attempted to climb the world's tallest peak in 2019, but an ankle injury stopped him. Therefore, it was a sweet success when, on his second attempt, he made it to the top with a team of mountaineers.

Did You Know...

Young artist: One of the world's most famous artists started developing his painting and sculpting skills early. Trained by his father, Pablo Picasso sketched from a very young age, and entered art school in Barcelona around age 14.

Space house: Tucked into the woods near Signal Mountain, Tennessee (U.S.), the Space House is shaped like a flying saucer and is supported by six concrete beams. Curtis King built it in 1972 for his son, who was interested in all things extraterrestrial.

Long beach: Those traveling to New Zealand can visit Ninety Mile Beach, which is actually only 55 miles (88 km) long. The beach is also a highway suitable only for four-wheel-drive vehicles.

Pandas are property: China owns all but two of the pandas in the world (Mexico owns those two) and loans them to zoos, sanctuaries, and breeding centres in other countries. In 2004, the World Wildlife Fund reported a total of 1,600 pandas; only 50 could be found outside China.

Floating fruit: Ever wonder why apples can float? It's because about a quarter of their volume is air. That means they're less dense than water, which makes them able to float.

On the Lighter Side

A musician's favourite cereal is Flute Loops.

Ned: "Did you hear the story about the man who lives on onions alone?"

Fred: "No. But anyone who lives on onions ought to live alone."

Why do elephants have trunks? Because they don't have glove compartments.

Knock! Knock! Who's there? Dragon. Dragon who? Dragon armchair over here and let's talk.

What did the corn give his fiancée when he proposed? An earring.
