Everybody's Talking

Blue cows: Black, brown, and white cows may not attract much amount of attention, but what about a blue cow? Latvia is home to such a beast. These cows can be light or dark ultramarine in colour from a pigment that affects their fur. At birth, their coats are closer to beige, then later become blue. This cattle breed produces less milk than average, and was near extinction a few decades ago. However, a play called The Blue One, by Latvian Gunars Priede, drew attention to the plight of the blue cow in the 1970s. After organized attempts to save the breed, today these resilient animals can be found in the fields of Latvia.

Standing guard: Three cats in Victoria, British Columbia (Canada), decided to take control of an unopened blender box, with the blender still inside. Max, George, and Lando took turns sitting upon and guarding the box, while owners Jessica and Nikii began posting their pets' antics on social media, garnering many amused responses. Obviously, the owners only needed to shoo the cats away, unpack the blender, and start making smoothies. But the standoff provided so much laughter that they let the cats have their way for a while. They even contacted the mixer's manufacturer with the amusing story. The company sent three empty boxes so the owners could have their blender and the cats could keep playing with the containers.

Pineapple or not? Does pineapple belong on pizza? That is what Angelo Mercuri, chef, co-owner, and co-founder of Bacaro Pizzeria in Montreal, Quebec (Canada), wanted to find out. Including the tropical fruit on pizza is a contentious issue for many, so Mercuri devised a survey that drew 5,000 responses. Of all the respondents to the heavily publicized survey, 53 percent voted against pineapple on the Italian favourite, so for now, he took it off the menu of the chain of pizza restaurants. Bacaro's "Hawaii Five-0" pizza also had included bacon, ricotta, jalapeno peppers, and tomato sauce. Now the fruit has been banned from the chain for the foreseeable future.

Open trunk: Some petty thieves work by breaking into cars, rifling around in the console and the glove compartment, and stealing change or other valuables that the hapless owner may have left inside. If the car is locked, a thief might smash a window to get inside. This is happening more than usual in San Francisco, California (U.S.), so some vehicle owners have taken the situation into their own hands: they leave their cars unlocked with the trunks open, and they ensure there's nothing worth stealing in the car. A line of driverless cars parked on the street with trunks open looks odd, and police advise against the practice.

—Archbishop Desmond Tutu

"Don't give up on your daydream! That little voice inside is telling you how to live your life with intent and purpose."

Did You Know...

Scottish saying: Most people have had the embarrassing experience of forgetting someone's name when making introductions. Scottish people ease these awkward situations by saying, "Pardon my tartle!"

Maple leaf: The Canadian Flag has a red maple leaf in the middle, which is flanked by two vertical red rectangles. Designed by Canadian George Stanley, it became official in 1965.

Poetry time: To write an acrostic poem, just pick a word or name. Then use each letter of the word or name as the first letter of each line of the poem. The word can be any length and the poem does not have to rhyme.

Bad bread move: Don't put a loaf of bread upside down on a table when dining in Italy. An Italian belief is that bread is a symbol of life, and therefore placing it upside down will bring bad luck.

Pesky stump: Tree stumps take years to rot on their own. To accelerate the process, drill holes in the stump and sprinkle Epsom salt on it. Keep the stump covered to protect from rain, and apply more salt every few weeks.

On the Lighter Side

Why did the student throw away his lunch? It was full of junk food.

Tom: "I used to have a terrible fear of hurdles."

Tim: "What did you do?"

Tom: "I got over it."

I know a woman who used to be a train driver, but she got sidetracked.

Remember: Models of dragons are not to scale.

Knock! Knock! *Who's there?* Bertha. *Bertha who?* Happy Bertha-day to you!

What's In Your Glass? HUGE SELECTION with R&R

Alberta Has It All

"Flatlands and rollin' plains, clear blue skies, prairie rains; a tapestry of colours in the fall. Snow covered mountain tops, wheat fields, canola crops; Alberta has it all." This is from our Alberta provincial anthem. That's just a smidge of it, because if we wrote the whole thing, well, you would miss our monthly wit and wisdom. Okay, maybe just our wit (haha).

There's no part in the anthem about our liquid assets. We mean of the alcohol type, of course. We make some wicked products in Alberta.

Nutri Juic'd Blood Orange/ Fruit Punch 6 pk	\$13.71*
Blindman Dry Hopped Kettle Sour 4 pk	\$14.85*
Strathcona Spirits Seaberry Gin	\$49.42*
White Owl Coconut Whisky	\$36.09*
Alberta Premium Whisky 1.14L	\$35.13*
Rig Hand Double Double	\$35.13*

* Price does not include GST for health deposit.

Beer... lots of fabulous beer of every size and type. We're in the spirit of things too with vodka, gin, whisky. Liqueurs, too. How about mead, coolers, fruit wines and pre-mixed cocktails... Albertans make those, too.

Come on everybody. Let's celebrate Alberta made products. We've got a ton to salute. Cheers!
