## Everybody's Talking

**Smart birds:** A cleaning company based in Sweden is testing a way to get rid of a certain kind of garbage that tends to be strewn on the street by litterers: cigarette butts. Called "Corvid Cleaning," the company has devised a way to use wild crows as street maids. Crows are smart birds, and company founder Christian Gunther-Hanssen is tapping into their intelligence by rewarding them for their work. After several steps of training, he and his team hope the birds will eventually learn to drop the butts in a garbage can in exchange for food dispensed from a machine. Testing of the idea will take place in Sodertalje, not far from Stockholm.

**Well water:** A vast artesian well on the arid continent of Australia stretches about 1.7 million square kilometres (670,000 sq. mi.). Called the Great Artesian Basin, this source of groundwater lies under parts of several states in the east part of the country. One of the largest underground freshwater resources in the world, the Basin's water can be accessed by drilling a well. The water also creeps up through natural cracks in the rock, emerging as springs, creeks, and rivers. This happens more toward the southern part of the Basin because the water lies closer to the surface. Conservation of the Great Artesian Basin is a priority in the country.

**Soccer sleuths:** Soccer is a sport loved all around the world, with India being no exception. But humans aren't the only creatures that enjoy kicking around a ball. In the village of Sukhigaon, Odisha, in the Nabarangpur forest area, a group of children was playing soccer when one of them accidentally kicked the ball into a forested area adjacent to the field. To the surprise of both players and spectators, a mother bear and her young cub emerged from the woods, found the ball and started playing with it. Now, instead of cheering on their team, everyone cheered for the bears and filmed their antics. Eventually, the bear family returned to the forest

**Fortunate win:** Gabriel Fierro, of Cornelius, North Carolina (U.S.), likes to take his wife out for lunch on Saturdays. Their usual haunt is an Asian restaurant in nearby Charlotte, where they order their favourite dishes, and end the meal with a fortune cookie. After one recent lunch, Fierro decided to use the numbers from his fortune cookie to play the Mega Millions lottery. The fortune cookie numbers turned out to be, indeed, quite fortunate. They were winners! Fierro's prize, before tax, was \$4 million (USD). The big winner and his wife plan to use some of the money to build a new home and then invest the rest. They'll probably buy themselves a few more meals at their favourite restaurant, too.

**AQUARIUS**  
(Jan. 21 – Feb. 19)

Lucky numbers this week: This week's odds favour Pisces winners with the luckiest number being 37.

## Did You Know...

**Sour to sweet:** A berry that grows in West Africa makes sour foods taste sweet. Known commonly as "miracle fruit" or "miracle berry" (*Synsepalum dulcificum*), it contains a special protein that works by activating the sweet receptors on the tongue.

**Favourite veggie:** Known as the *Le Roi Soleil* (The Sun King), France's Louis XIV (1638-1715) had a fondness for green peas, which were considered a gourmet treat. They were imported to his court from Italy, wrapped in roses to keep them fresh.

**Special coin:** Queen Isabella of Spain appeared on the American quarter in 1893. She was the first real woman to appear on a U.S. coin. The occasion was the World's Columbian Exhibition in Chicago, Illinois.

**Just visiting:** The late American musician Elvis Presley was world famous, but never performed in England. He stopped in the U.K. during his time serving in the U.S. Army, but not as a performer.

**Sweet side dish:** The long and slender green zucchini is commonly used in many different dishes. Golden zucchini is shaped just like the green variety and is just as appealing. It can be a little bit sweeter than the green one.
