Everybody's Talking

Saved iPhone: An American man thought he'd lost his iPhone forever. Zach Siggelkow of St. Anthony Village, Minnesota (U.S.), was vacationing with family members at Waikiki Beach, Hawaii. One his last day there, he went kayaking. But after a few hours of fun, he was swamped by a large wave. The iPhone vanished, along with his sunglasses, or so Siggelkow thought. More than a month later, he received a message from Dr. Karl Brookins, who had found the phone during a scuba diving expedition and was able to get into the phone and reach Siggelkow by email. The honest diver sent the phone to its original owner, and the phone still worked!

Magical place: In London, England, magic reigns at The Magic Circle, a society of magicians founded in 1905. Its current headquarters opened in 1998 and is open to the public for pre-arranged tours and shows. Magicians must apply to become members of what The Magic Circle calls the world's premier magic society. Members are required to pledge not to reveal the secrets to magic tricks, and the membership list includes professionals like David Copperfield, and others like TV personalities, teachers, and even King Charles III. Visitors can browse the headquarters, officially called The Centre for the Magic Arts, which contains magical artifacts from over the centuries, and they can watch tricks performed by members of The Magic Circle.

Expensive treat: Ice cream is always a yummy treat, but a serving of byakuya ("white night") may be the most decadent ever, not to mention the most expensive. The Japanese company Cellato calls it a gelato, and a serving costs 880,000 Yen. The treat is made from white Italian truffles from a specific region of Italy, along with Parmigiano Reggiano, sake lees (a by-product of sake), egg yolks, milk, and gold leaf. Complex in taste and smooth in texture, a serving can be shipped to consumers and comes with instructions for eating the creation with the accompanying hand-made spoon. Who needs a vacation when you can savour a bowl of something like this?

Living alone: In the name of research, an athletic mountaineer named Beatriz Flamini lived in a cave in Granada, Spain, for 500 days. Although she was alone the whole time, a team of scientists remotely monitored her to investigate how isolation affects people's minds and bodies. She entered the cave November 21, 2021. When she emerged, she had missed all the news of the world. However, she claims to have loved her time alone, during which she read many books, exercised, knitted, and recorded videos. The team delivered food to a collection point, but made no contact with her. She recorded video footage for an eventual documentary about her experience.

AQUARIUS (Jan. 20 - Feb. 18)

Aquarians sometimes are trying to achieve several big goals all at once. For the next month, however, focusing on completing a smaller goal might be best. Lucky numbers: 9, 14, 22, 24, 41, 48.

PISCES (Feb. 19 - March 19)

On New Year's Day, you may not be feeling social, but instead reserved and distant from others. Consider taking this time to get in touch with your deepest self and purpose. Lucky numbers: 4, 10, 12, 15, 18, 41.

Peanut treat: Marcellus Gilmore Edson, who hailed from Bedford, Québec (Canada), is credited as the first to make an early type of peanut butter. Patented in 1884, Edson's product was called "peanut-candy."

Needs help: An animal or bird species whose young are born unable to look after themselves is called "altricial," from the Latin for "needing nourishment." They can't get food without help from their parents.

Clean laundry: Many condos and other housing developments have rules against hanging laundry outside. Not so in the state of Vermont (U.S.), where regulations that prohibit this practice are illegal.

Popular fabric: Breathable and wind- and water-proof, GORE-TEX fabric is popular among outdoor lovers. It was developed by W.L. Gore and Associates, established in 1958 by husband and wife Wilbert L. and Genevieve Gore.
