Everybody's Talking

Sausage stop: While inserting money to get chocolate bars or chips from a vending machine might be familiar, if you happen to be in Germany, you also can get bratwurst and bockwurst sausages. These unusual vending machines have been around for a few years and are both popular and convenient, especially late at night when someone is craving a sausage. People who work late also appreciate the machines if grocery stores are closed by the time they have a chance to get food. Some of the machines even offer eggs, milk, produce, butter, and prepared sides like potato salad. The products are vacuum-sealed, and the machines are temperature-controlled to ensure safety.

Bee delay: You often hear of weather halting outdoor sports events, but this time it was buzzing bees that stopped the play. During a quarterfinal tennis match at the BNP Paribas Open in Indian Wells, California (U.S.), play was interrupted for nearly two hours. The players had to pause their game while a worker used a vacuum to remove bees that had swarmed onto the overhead camera. The unexpected delay provided an unusual spectacle for the audience, who watched as the court was carefully cleared of the insects. The players, who had been swatting away the bees, were fortunate that no one was stung.

Tourist trouble: Residents of Fujikawaguchiko (Japan), a town about 62 miles (100 km) west of Tokyo, were fed up with tourists who littered, trespassed, parked illegally, and broke other traffic rules. Tourists, eager to capture a perfect view of Mount Fuji, would flock to the town with their cameras, causing disruption. In response, the town installed a large, 66-foot (20-m) by 8-foot (2.5-m) mesh barrier to block the view of the snow-capped mountain. An official stated it was regrettable that it had come to this, adding that over-tourism is the biggest problem facing the iconic mountain. The measure aims to restore peace and order for the local community.

Ring recovered: A woman in Wales lost her engagement ring in 1970, while feeding hay to cattle on her family farm. She now has it back, thanks to a detectorist, which is someone who explores the ground with a metal detector. Marilyn Birch, a senior resident of Pontardawe in Neath-Port Talbot, described recovering the ring as an emotional reunion. All those years ago, she had retraced her steps in hopes of finding the ring, but to no avail. Recently, detectorist Keith Phillips obtained permission to search the land for treasures and found the ring buried about 8 inches (20 cm) deep in a field, a discovery that left its owner speechless.

GEMINI (May 21 - June 20)

 You may be presented with many ideas and opportunities this week. Take time to sort through and evaluate them against your values and goals. But maybe wait to take action. Lucky numbers: 13, 14, 17, 27, 33, 45.

LEO (July 23 - Aug. 22)

 Your thoughts and feelings might be out of sync for a few days at week's end. Can you reconcile this stalemate? If not, then waiting for this dynamic to pass may be best. Lucky numbers: 2, 4, 16, 17, 25, 39.

VIRGO (Aug. 23 - Sept. 22)

LIBRA (Sept. 23 - Oct. 22)

SCORPIO (Oct. 23 - Nov. 21)

 For the next few weeks, you may feel an urgency to blurt out whatever insights you have, no matter how dark, to others. Thinking before speaking could be important. Lucky numbers: 8, 11, 19, 36, 43, 46.

SAGITTARIUS (Nov. 22 - Dec. 21)

AQUARIUS (Jan. 20 - Feb. 18)

 Are you digging in your heels now because you have a strong feeling about something? Finding some detachment about the matter could help point the way to a solution. Lucky numbers: 7, 19, 32, 38, 41, 42.

PISCES (Feb. 19 - March 20)

 Are you experiencing an issue in a relationship now? Are there ways you could adjust your communication style to more clearly express your thoughts to the other party? Lucky numbers: 5, 15, 28, 38, 43, 48.

Lucky numbers this week: This week's odds favour Cancer winners with the luckiest number being 30.

Did You Know...

Space growth: Scientists have discovered that astronauts can grow taller in space. In fact, living in microgravity can increase their height by up to 3%. A man who is 6 feet tall (1.8 m) could gain 2 inches (5 cm) in height!

Avocado truth: You might not think of avocados as fruit, like apples or oranges. But biologically, that's exactly what they are because they contain seeds. Their unsaturated fats are a healthy benefit of eating them.

Frightening frog: The tiny 1-inch (2.5 cm) poison dart frog has enough poison to kill 20,000 mice. It safely stores toxins in its skin to fend off predators. The species have brightly coloured bodies and are native to Central and South America.

Fierce predator: The giant Allosaurus dinosaur, with its 8-inch (20.3-cm) claws and 70 teeth, could hunt prey easily by running at 21 miles (33 km) per hour. All those teeth meant it was built to eat meat.

Sound sensitivity: If you can't stand certain sounds that don't bother other people, you may have a condition called misophonia. It's when a person is emotionally affected by common sounds like eating or even breathing.

Recipe of the month

One-Pot Chicken & Gnocchi

2 slices bacon, cut into ½ inch (1-cm) pieces
6 boneless, skinless chicken thighs (4 oz./125 g each)
¼ tsp (1 mL) salt
1/8 tsp (0.5 mL) black pepper
1 tsp (5 mL) Pampered Chef Italian Seasoning Mix, divided

4 garlic cloves, pressed
2 cups (500 mL) 2% or whole milk
1 lb. (450 g) potato gnocchi
2 oz. (60 g) Parmesan cheese, finely grated (1 cup/250 mL)
½ cup (125 mL) frozen peas & corn

Ready in 30 minutes Yield: 6 servings

- Heat the Enamelled Cast Iron Skillet over medium-high heat for 2-3 minutes. Add the bacon and cook until crisp, 5-7 minutes, stirring occasionally. Remove the bacon with slotted spoon, set aside.
- Season the chicken with the salt, pepper, and 2 tsp (10 mL) Italian seasoning. Add the chicken to the skillet and cook, 5-7 minutes per side, or until the temperature reaches 165°F (74°C). Remove the chicken from the pan and set aside.
- Reduce the heat to medium, add the garlic, and cook until fragrant, 10-20 seconds. Add the milk, gnocchi, cheese, bacon, and remaining Italian seasoning. Bring to a boil, reduce the heat to medium, and cook, stirring frequently, until the milk has reduced slightly and started to thicken, about 3 minutes.
- Stir in the peas. Add chicken and cook on medium-low for an additional 3-5 minutes, or until sauce thickens slightly.
