## Everybody's Talking

**Early graduation:** Few young people graduate from university at the age of 17, but Dorothy Jean Tillman II is one of them. In 2024, she was part of the graduating class at Arizona State University (ASU), based in Phoenix, Ariz. (U.S.), where she earned her doctoral degree in integrated behavioural health. Homeschooled in her early years in Chicago, Dorothy began taking correspondence college courses at age 10. Over the next seven years, she studied at three different universities before finishing her degree at ASU. The university says Dorothy is the youngest person in school history to earn a doctoral degree in integrated behavioural health. Her remarkable achievement is an inspiration to young scholars everywhere.

**Goose guards:** While guard dogs are a familiar concept in many places, have you ever heard of guard geese? In Santa Catarina, Brazil, the Sao Pedro de Alcantara Prison has employed geese as a security measure. These feathered sentinels, dubbed "geese agents," patrol the perimeter of the prison, between the inner and outer walls, and provide an additional layer of vigilance alongside electronic and human surveillance. Their remarkable attentiveness has earned them recognition as effective members of the prison's security team. Despite their unorthodox role, the geese have proven themselves to be dedicated and alert guardians, who deter potential intruders with their loud honks and watchful eyes.

**Barrow blitz:** Dylan Phillips, a mechanic from Pembroke, England, has achieved a new Guinness World Record for the fastest wheelbarrow, reaching speeds up to 52 mph (84 km/h). The idea started in a pub and quickly turned into a reality for the man, who built the wheelbarrow in his shed. During a test, he hit 37 mph (59 km/h), sparking his interest in the world record, which stood at 46 mph (74 km/h). Phillips then took his creation to the Straightliners Speed Week, where he smashed the record. Despite its impressive speed, the wheelbarrow is dangerous, lacking suspension and having only front-wheel brakes. Phillips described the ride as terrifying and uncomfortable.

**Campus cat:** There's a feline who can now boast the title "Doctor of Litter-ature." Max the Cat received this honorary certificate from Vermont State University in Castleton, Vermont (U.S.), where he is a frequent and cherished visitor. The students adore interacting with him, and the university regards him as a beloved member of its community. Unlike typical academic pursuits, Max's focus is on friendliness. For about four years, Max has made daily visits from his nearby home to spend time with students and faculty, becoming a campus celebrity. Students love taking photos with their four-legged friend. Although Max didn't attend the graduation ceremony, his certificate was delivered to his owner afterward.

### Pumpkin Pie à la Easy

- |   |   |
|---|---|
| 2/3 cup (150 mL) all-purpose flour          | 1 can (15 oz./425 g) solid pack pumpkin                             |
| 1/3 cup (75 mL) quick or old-fashioned oats | 1 can (14 oz./397 g) sweetened condensed milk (not evaporated milk) |
| 1/4 cup (60 mL) packed brown sugar          | 2 tsp (10 mL) pumpkin pie spice                                     |
| 1/4 cup (60 mL) pecans, chopped             | 1/2 tsp (2 mL) salt   |
| 1/3 cup (75 mL) butter, melted              | Optional topping: whipped cream and pecan halves                    |
| 2 eggs (room temp)                          |   |

1 Preheat oven to 325°F. In mixing bowl combine flour, oats, brown sugar and pecans. Add melted butter and mix well. Press mixture onto bottom of 8" (20-cm) Brilliance Nonstick Square Pan. Bake 15 minutes or until edges begin to brown.

2 Meanwhile, lightly beat eggs in a large mixing bowl. Add pumpkin, sweetened condensed milk, pumpkin pie spice and salt; whisk until smooth. Pour over crust. Bake 45-50 minutes or until filling is set and knife inserted in centre comes out clean. Let cool at room temperature.

3 Garnish with whipped cream using Whipped Cream Maker & Decorator. Garnish with pecan halves, if desired. Refrigerate any leftover pie squares.

## Did You Know...

**Vintage pout:** Before "cheese" took over, photographers used "prunes" to encourage a tight-lipped look in photos. In photography's early days, wide smiles were thought improper, so a subtle pout was the preferred expression.

**Contagious yawns:** Yawning is seen in humans and many vertebrates, including sharks. Most people will yawn after seeing someone else yawn, even in a photo. Theories suggest yawning may be linked to empathy and social bonding.

**Early talent:** Johnny Cash's music passion started young; he began writing songs at 12. Seeing his talent, his mother saved enough for singing lessons. After three lessons, the future star's teacher said his unique voice needed no further training.

**Aqua rugby:** Underwater rugby is an exhilarating sport played in deep pools. Two teams compete to place a ball into baskets positioned at the pool's bottom. Players need gear like diving masks, snorkels, and fins.

**Pineapple magic:** Its bromelain content makes pineapple an excellent meat tenderizer. This enzyme effectively breaks down protein chains to make meat more tender. The fruit's unique properties make it a culinary favourite.
